**Where:**

**On the lake, close to and around the North Pier**

life is  
better  
at the  
lake

***Choose how you spend it, and whatever you do, the lake will always have time for you!***

## LAKE HURON SUNSETS

Here at Harbour Lights we are incredibly lucky to be on Ontario's West Coast. Every night we get to enjoy this little slice of paradise, while the sun slips beyond the horizon and lights up the sky, listening to the waves rippling against the shore. If you are out for a sunset cruise or you get the perfect photograph of the sun right before it disappears for the night, please tag us on Instagram: @harbourlightsmarina or share to our Facebook page.

*"Life is simple, just add water"*

## SPEEDS IN THE MARINA

### Reminder, while on Harbour Lights premises:

Land speed limit is 15 KPH, there is a lot of foot traffic in the Marina this time of year. From the highway to lake front no more than 15 KPH please.

Channel speed limit is 5 MPH, you are in the channel until you clear the North and South pier, your vessel should leave NO WAKE. We want to keep everyone safe in the waterways and preserve the shore line.

**THANK YOU FROM ALL OF US AT HARBOUR LIGHTS!**
